

**East Central Michigan  
Aging and Disability Resource Center**

Region VII AAA, and the Disability Network of Mid-Michigan are in the process of securing partner agencies for the emerging ADRC (aging and disability resource center) which will provide a “No Wrong Door” approach for those seeking aging or disability supports in our communities.

Hospital discharge planners, Social Workers, Nursing Home Administrators and others involved in the long-term care of people in our communities are needed to assure that those they provide for are represented in this new initiative.

If you do not have access to the Internet, and would like a printed copy of the ADRC initiative, please call one of the local contacts shown below.
